THE LITERARY SOCIETY BACK

LOCAL COLLEGE INSTRUCTOR SEES RETURN TO FAVOR.

CONTEST ON TONIGHT

Both Entertainment And Information Promised For Students And Public.

Is the college literary society about to "come back?"

Are oration, declamation, debate and kindred activities about to win back some of the popular favor which they once enjoyed, to share the spotlight with football, basketball and other sports?

C. W. Rogers, head of the faculty committee supervising the annual inter-society contests at the State Teachers College, believes they are. At any rate they should, according to Mr. Rogers.

Contests Open Tonight.

The inter-society contests open at 7:30 o'clock tonight with debating, sight reading and declamation. The debate will be between the teams of the Eurekan and Excelsior societies, on the subject, "Resolved: That there should be a Secretary of Education in the President's Cabinet." The Eurekan team is composed of Burdette Yeo and Byron Beavers; the Excelsior representatives are Paul Stone and Dorr Ewing.

In the sight reading event, each contestant will be handed a selection as she walks upon the stage. She will be graded on expression, pronounciation, delivery and general grasp of the subject at sight. Mrs. Mary Esther Murphy O'Banion will represent the Eurekan society, Miss Opal Wilson the Excelsior and Miss Dorothy McCord the Philomathean.

In the declamation contest, Miss Gladys Ferguson of the Excelsior society will read "The Soul Goes Marching On;" Miss Hazel Hawkins will read "Midshipmen Easy" for the Philomatheans; and Miss Helen Miller will represent the Eurekans with "God's Fool."

Guy Canady, a Philomathean, will preside.

President Uel W. Lamkin recently received a communication from the president of the Kirksville Teachers College inquiring as to the state of literary societies here. It declared such societies almost extinct at Kirksville, as well as other schools. The conditions here is not so bad, according to Mr. Rogers. He believes a revival of interest is beginning, both among students and the public.

Once the Greatest Honor.

"We can all remember when the literary society was the most important organization in any college," said Mr. Rogers. "To be elected president of the literary society was the greatest honor that could be won by any student.

"There is nothing technical in the program this year. Three-fourths of the program is pure entertainment: Music, extemporaneous speaking, orations, etc. And it won't cost you a 'sou.' Think of it.

"As for the debates," Mr. Rogers added, "your time will be well spent from a mere educational viewpoint, simply for the information you will receive. Each presentation represents many hours of work. You will get it in twelve minutes."

The contests in music and extemporaneous speaking will be held tomorrow night, together with a debate between Eurekeans and Philomatheans, "Resoolved: That the Constitution of the United States be amended to give Congress power to regulate child labor." Friday night's program includes contests in essay and oration and a debate between the Philomathean and Excelsior societies on "Resolved the system of student government in this college is justifiable."

STRADIVARIUS VIOLIN HERE?

KOMER HAS ONE WITH FAMOUS MAKER'S NAME.

BEARS DATE OF 1736

Instrument Was Brought From Austria by Grandfather of Present Generation.—Priceless if Genuine.

What may be a genuine Stradivarius violin, rarest and most prized of musical instruments, has been discovered in Nodaway County at the home of Mrs. Tobias Komer, who lives about four miles northwest of Maryville.

The discovery resulted from a news item in the Democrat-Forum and Tribune a few days ago which told of the discovery of a number of reputedly genuine Stradivarius violins near Mount Vernon, Ill., and a similar find in Herrin, Ill. These violins ranged in age from 189 to 216 years.

The Komer violin, inscribed with the name of "Antonius Straduarius" and bearing the date of 1736, was brought to Maryville today by Ralph Komer, son of the late Tobias Komer. It originally was the property of John Komer, grandfather of Ralph, who brought it with him when he came to the United States from Austria, in 1881. It has been preserved by the family as a "keep-sake," but never has been regarded of any great value, according to Mrs. Komer.

Still in Service.

Ralph frequently has played upon it, as did his father before him.

The violin, worn and somewhat battered with age, bears the following inscription:

"Fried. Aug. Glass verfertigt
Nach Antonius Straduarius Fies
Fabrikat in Cremona, 1736."

The strings apparently have been replaced with new ones, and the bridge also appears newer than the rest of the instrument. The wood is worn away where the chins of past musicians have rested.

Should the violin prove to be genuine, its value is fabulous, according to local musicians. There are so many imitations, however, that doubts were commonly expressed.

Born in Cremona:

Antonio Stradivari (also Stradivarius) was a celebrated violin maker, who was born in Cremona, Italy, about 1649. He died in 1737, a year later than the date on the Komer instrument.

Stradivari was a pupil of Nicolo Amati, in whose employment he remained until 1700, when he began making on his own account. It was he who settled the typical pattern of the Cremona violin, and his instruments, for tone and finish, have never yet been excelled.

Only thirteen Stradivarius violins of undoubtful authenticity, are known to be in existence.

Pet Bears Frolic a Bit Roughly at Times Says Leo B.

"Bears is treacherous critters," Leo B. Knox bears witness to that fact today. Yesterday Mr. Knox decided that it was time for his pet bear to come out of hibernation, so he took him out into the year for the first time this year.

The spirit of spring infested the beast and he gently nipped his master on the right hand, lacerating it badly. Mr. Knox is at home today, nursing the injured member and suffering from the effects of an anti-tetanus inoculation.

J. Ralph Pope of Graham was a visitor here today.

STATE TAXES HERE $77,027

THAT AMOUNT SENT FROM ALL SOURCES IN 1925.

GRAND TOTAL $735,170

Collections of Back Taxes Reach $24,925 and Interest $2,129—County Treasurer Well Paid.

Taxpayers of Nodaway County paid a total of $77,027.31 to the state of Missouri, according to the latest tabulation made public by Fred Wright, deputy county clerk.

A tabulation made Monday by Mr. Wright included only general taxes. Today's includes all forms: general, railroad, merchants, income and back taxes. It does not include city taxes, however.

The taxes collected in the county and turned over to the treasurer totaled $735,170.54. The general tax book yielded $645,688.20, after deduction of $14,160.51 paid to the township collectors. Other commissions of $1,824.69 were paid on collection of the railroad taxes, merchants' taxes and back taxes.

The merchants and manufacturers taxbook yielded $9,38[illegible].73, after deduction of errors amounting to $210.80. The state's income tax yielded $5,335.50. Collections of back taxes on real estate totaled $24,925.54, and the interest on them was $2,129.94. Collections of delinquent personal taxes totaled $478.20 and the interest on them $30.62. Collections of delinquent income taxes were $66.76.

Taxes collected from railroads and other public utilities having property in the county amounted to $53,794.24.

The tax figures show that the county treasurer's office last year was one of the best in the county from the standpoint of salary and fees. Besides a flat salary of $1,000, the year's fees amounted approximately to $3,721, a total of $4,721.

Two Orators Leave for Cape Girardeau

Paul Stone and Richard Baker, S. T. C. Representatives Off Tonight for State Contest.

Paul Stone and Richard Baker, accompanied by Dr. Fred Keller, will leave tonight for Cape Girardeau where the two college students will participate in the annual Missouri Inter-collegiate Literary Contest.

Stone is entered in the oratorical contest. The subject of his oration is "The World State." It develops the gradual centralization of social organization and forecasts a United States of Nations to be the ultimate outcome of our political development. Stone was entered in the oratorical contest last year and spoke on "Our Debt to Our Forefathers."

Baker will represent the Northwest State Teachers College in the extemporaneous contest. The general subject is, "A Needed Realignment of Political Forces in the United States." He will draw two topics and will be given four minutes to prepare a speech on this. The speakers will not be allowed any reference material.

The extemporaneous contest will be on Friday afternoon and the oration contest is to be held Friday night. On Friday morning Dr. Keller will represent the local college at a business meeting of the Literary Association. All of the other State Teachers Colleges will be present at this meeting. Officers are to be elected for the ensuing year and the meeting will choose the place for the literary contests for the year 1927.

40 Motorists Fail To Get City Licenses; Arrests Are Ordered

City officials this morning completed a check of state license numbers issued to Maryville motorists and forty were found who have not secured city licenses. The names of these individuals have been turned over to the police with instructions to make arrests at once.

The only way those who have failed to get city licenses can escape a penalty is to beat the police to the city hall, Mayor W. O. Garrett announced.

Installment Of Story Is Ommitted Today

On account of lack of space in today's issue, the installment of "The Yellow Stub" is omitted but will be published tomorrow.

Ford Driver Races Bus to Return Coat Visitor Left Here

The Nodaway County brand of "service" was illustrated yesterday for the benefit of two visitors, themselves former Nodaway Countians.

Mr. and Mrs. H. E. Miles of Salt Lake City, Utah, who had been the guests of friends here since Sunday, took the bus to St. Joseph from Welling's oil station. Mrs. Miles left her coat in the station and did not miss it until some distance out. At Rosendale a man drove up in a Ford car with the coat.

Welling had hailed Jim Hantze, who makes the trip to St. Joseph daily, and had asked him if he could overtake the bus. Although he was some fifteen minutes behind, he made up that time in half the distance—and the bus is no mean traveler itself.

Mr. and Mrs. Miles thought so much of the incident that they wrote back to the Democrat-Forum and Tribune: "We call that a service station with the accent on the 'Service'."

DRIES GAIN AS POLL GOES ON

WETS STILL ARE FAR AHEAD, HOWEVER.

MILLION VOTES CAST

In Some Localities Prohibition Leaders Urge Participation, While Others Abstain.

Copyright, 1926, by NEA Service, Inc. Reproduction in whole or part prohibited.

The total vote in the nation-wide prohibition referendum sponsored by NEA Service has passed the million mark and is still climbing.

Just how high it will go is a matter for conjuncture. It is certain that the peak has not been reached.

The million votes tabulated to date show a heavy anti-prohibition trend, less than 20 per cent of the total favoring retention of the dry law. Fully 30 per cent call for its outright appeal.

Today's vote is divided as follows:

For prohibition	195,233
For repeal	335,774
For modification	487,041

How far this vote is indicative of the sentiment of the country as a whole is debated. In some localities, doubtless, an official, binding vote would show a different result. But in other places there can be no doubt that the newspaper vote comes very close to being a true reflection of the voters' state of mind.

A Tremendous Vote.

In El Paso, Tex., for instance, the editor of the Post wires that the prohibition referendum, with one exception, polled more votes than any election ever held in El Paso. Only once in history was the entire county's vote higher than the vote received by The Post. El Paso's wet majority, accordingly, ought to be a fair representation of that city's opinion.

Similarly, in Santa Ana, Calif., which went heavily dry, the vote was almost an exact parallel of an official ballot taken prior to the enactment of the eighteenth amendment, according to the editor of the Register. In Nogales, Ariz., The Daily Herald polled a vote that was about 50 per cent of the city's total registered vote, and in Wallace, Idaho, The Press-Times' vote was nearly half of the entire county vote in the last presidential election.

The editor of the Dowagiac (Mich.) Daily News, reports that the vote in that city seems to him a fair representation of the majority sentiment—Dowagiac went dry—and a similar report is received from the editor of the Ogdensburg (N. Y.) Journal.

It is thus apparent that in some sections, at all events, the poll can be accepted almost for its face value. It cannot be said definitely in how many cities this is true until more complete returns are in. Offhand, it would seem that in any city such as Fort Wayne, Ind., for example, where the total vote is extremely heavy, one would not go far wrong in accepting the vote in this referendum as a good index to public opinion.

Dry Vote Climbs Rapidly.

During the last two days the prohibition vote has climbed more rapidly, in proportion, than the wet vote, and if this trend continues there may be a radical change in the standings in many localities. For while dry leaders in

HIGHER COURT SPEEDIER NOW

REPORT SAYS ADMINISTRATION OF JUSTICE IMPROVED.

MERITS COME FIRST

Less Attention Paid to Technicalities, Missouri Association Of Criminal Justice Finds.

Springfield, Mo., March 17.—The Missouri Association for Criminal Justice, in a report made here today, found the administration of justice by the state Supreme Court has improved within recent years, with less attention to technicalities and more to substantial merits of the cases before the courts.

The report was the first the association has made which found favorable conditions existing in the subject under survey. The previous reports of police departments of the large cities, pardons, the office of coroner and the office of sheriff contain unfavorable criticism.

The high lights of today's report show:

Average time required for the disposition of Missouri criminal cases resulting in appeals to the Missouri Supreme Court in the last ten years has been shortened.

From the date the crime was committed to the date the information was filed covers an average of three months and twenty-seven days.

From the date of the information to disposition by the circuit court averages five months and twenty-seven days.

From the date of disposition by the circuit courts to perfection of appeals averages seven months and nineteen days.

From the date of appeal perfection to a hearing in the Supreme Court requires an average of five months and sixteen days.

From the date of the Supreme Court hearing to disposition in the Supreme Court consumes one month and twenty-seven days.

From the date the crime was committed to final disposition in the Supreme Court, the average time is twenty months and twenty-seven days.

Eliminate Recklessness and Reduce Accidents

Washington, March 17.—Automobile accidents can be reduced by encouraging safe driving to developed competence, the committee on accident causes of the national street and highway conference reported today.

"Eliminate recklessness and discover and remove unnecessary hazards and put public opinion behind the movement of conservation of human life and this will yield the nation returns beyond value," the report said.

"Bumming Trip" Ends Fatally for K. C. Boy

Kansas City Youth Falls Under Wheels Of Union Pacific Passenger Train Near Muncie, Kan.

Kansas City, March 17.—A "bumming trip" to California ended fatally for Wayne Weaver, 19-year-old boy of this city, when a lurch of the train threw him from the blinds, where he was riding with Francis Biechels, his companion, under the wheels of the baggage car near Muncie, Kan.

The boys had "hooked" a ride on the blinds of a Union Pacific passenger train and were starting on the first lap of their proposed trip. Biechels is the son of R. R. Biechels, president of the Kansas Motion Picture Dealers Association.

DISARMAMENT HOPES FADING

OFFICIALS BELIEVE LEAGUE PLANS WON'T GO THROUGH

TO SEEK WAY OUT

President to Hold Series of Conferences With European Advisers to Determine Course of Action

Washington, March 17—Any slight, faint hopes that the League of Nations can or will go through with its original plans of staging a world-wide disarmament conference this year flickered out today.

The narrow escape from complete collapse which the League has just experienced at Geneva is regarded by administration officials here as the final act in a long drama which has, for some time, engaged the attention and hopes of America.

Simultaneously with the abandonment of the last hope so far as the League is concerned, President Coolidge inaugurated a series of conferences with his principal advisers on European affairs to determine the course of American procedure and to see what, if anything, can be done in the embarrassing circumstances.

Administration officials make no bones about the feeling that the dominant League powers have tricked Mr. Coolidge in the matter of the disarmament conference and by a policy of subterfuge and downright misrepresentation have succeeded in so shaping affairs that 1926 probably will pass without seeing any milestone reached in the march toward disarmament and world peace.

Discredit Rumors of Mussolini's "League"

In Light of Denial of Premier That Country Supported Brazil, Leaders Disbelieve "Empire Hopes."

Rome, March 17.—In the light of the denial by Premier Mussolini that Italy supported Brazil in its stand in the League of Nations crisis not much credulence was placed in rumors afloat today in European political circles that Premier Mussolini plans to take advantage of the League crisis to form a "Mediterranean League of Nations."

For more than two years there have been rumos of this plan but they are still in the rumor stage.

Big Milling Merger Is Completed Today

Sheffield, president of the Commander and four other milling companies of Minnesota, in control of the Larabee flour mills corporation of Kansas City, Mo., which had six plants in operation in Missouri and Kansas.

Oldest Hotel Clerk in Missouri Dies

Kirksville, Mo., March 17.—The oldest hotel clerk in the state, John Owings, 85, died at a hospital here last night. Owings was former clerk of the old Planters, Laclede and St. James hotels. He will be buried in St. Louis tomorrow.

Robber Sentenced to Five Years in Prison

St. Louis, March 17.—The first of six men implicated in the $34,700 hold-up of the Mound City Trust Co. here a year ago, Lawrence Julien, today was sentenced to five years imprisonment by a jury in Circuit Judge Mix's court.

FORBES SAYS HE'S SACRIFICE

FORMER VETS BUREAU HEAD STILL ASSERTS INNOCENCE.

"SPIRIT UNBROKEN"

Reveals Interesting Bits of White House Incidents—No Grudge Except Against Former Cabinet Officer.

Kansas City, March 17.—Protesting his innocence and asserting he was being crucified but would bow to the dictates of the law, Charles R. Forbes, former lieutenant-colonel in the army, head of the veterans bureau and personal friend of President Harding, arrived here today on his way to Leavenworth prison to start a two-year sentence on a charge of conspiracy to defraud the government.

White-haired, although only 47, and limping from a recent paralytic stroke, Forbes hurried out of Chicago last night to avoid humility of being brought to prison under guard. He said he did not know when John W. Thompson, millionaire Chicago and St. Louis contractor, convicted with him for grafting in connection with veterans hospital sites, would go to Leavenworth but understood he was too ill to leave home now.

"My spirit is strong and unbroken. I have no grudge against anyone except a former cabinet officer who trained his heavy artillery on me to divert attention from his own acts and his own dilema. If the big chief (President Harding) had lived, he would have told the truth and vindicated me."

Forbes said he wanted to deny reports that President Harding had kicked him out of the White House.

"I slept there after I resigned and was under fire," he said. "I was in his suite at a San Francisco hotel when he died. He never once upbraided me."

Chicago, March 17.—Application for the paroles of Charles R. Forbes and John W. Thompson, who were convicted of conspiracy to defraud the government, will be filed in federal court here next week.

Corn Belt Committee Criticized by Solon

Willam Hirth of Columbia Is Termed "Cheap Skate" in Discussion Before Agriculture Committee.

Washington, March 17.—Members of the corn belt committee were criticized today for alleged threats of political action unless Congress enacts some farm relief legislation, during a hearing this afternoon before the House agriculture committee.

William Hirth, Columbia, Mo., chairman of the committee of twenty-two was termed a "cheap skate" trying to force action with political threats, by Representative Kincheloe, Democrat of Kentucky. Representative Rubey, Democrat of Missouri, defended Hirth.

F. W. Murphy of Wheaton, Minn., acting as chairman in Hirth's absence, was closely questioned over the source of the funds which maintain the group in Washington.

Says No Foul Play in Elks Officer's Death

San Diego, Calif., March 17.—There was no foul play in the death at Tia Juan Monday morning of Carl Reynolds, past exalted ruler of the Elks Lodge at Syracuse, N. Y., and more recently a resident of Huntington Park, Colo.

"We went to Tia Juan and made a thorough investigation and learned positively that Reynolds died from heart trouble and that he did not die as a result of mistreatment at the hands of Mexican police as was formerly alleged," said Secretary Richard Bembough of the San iDego Elks Lodge.

Mrs. Richard Kuehs returned home yesterday from a ten days' visit with Mr. and Mrs. James King and family at Athelstan, Ia.

Mrs. E. E. Rhoades will return tonight from Bethany where she has been visiting her brother, Frank Reddick, and family, for several days.

Dries Gain as Poll Goes On

(Continued from page 1)

some regions have expressed hostility to the poll, in others they have adopted other tactics and called on all supporters of prohibition to vote. These appeals are just beginning to make their effect felt.

In Brockton, Mass., and Kissimmee, Fla., ministers passed ballots through their congregations at Sunday services today, and increased dry totals may be expected from those states when those ballots are tabulated. The editor of the Kissimmee Gazette tells of a 92-year-old woman in that city voting for modification.

One thing would seem to be certain; where there is sentiment against prohibition, it is rarely in favor of absolute repeal of the dry law. The total for modification is far higher than the total for out and out repeal. There seems no disposition on the part of the bulk of the voters to bring back the old saloon and unrestricted sale of all kinds of liquors.

INJUNCTION IS LABOR'S FOE

SEEKS REMEDY FOR EVIL, A. F. L. HEAD SAYS.

NO SPECIAL FAVORS

Unions Want Privilege Of Functioning In Conformity With Law, Green Tells St. Louis Attorneys.

St. Louis, March 17. (United Press)—"Organized labor is still seeking a remedy for the injunction evil," declared William Green, president of the American Federation of Labor, speaking before the St. Louis Bar Association here last night.

"In doing so," he added, "it asks for no special favors. We desire that those who violate the law be prosecuted under the law. Organized labor does not seek to be above the law nor does it ask for immunity from the law. It asks for the privilege of functioning in conformity with the law, in an orderly way, without discrimination, and without being made the special target of the injunction onslaught.

"Organized labor vigorously objects to the suspension of the rights of its members by the writ of injunction," Green said, adding, "that there exists in all groups of working men and women two divergent schools of thought. The proponents of one believe that a legal or legislative remedy should be found for all our social and industrial ills and lay stress upon political power and the value of legislative enactment. They believe that wages, hours and conditions of employment and the establishment of economic standards should be provided for by the law.

"The other school of thought," continued Green, "believes in the value of organization, the mobilization of workers, economic power and the settlement of differences between employers and employes through the method of collective bargaining, wage agreements, cooperation and understanding.

"At the same time," he said, "they favor the employment of political processes in the solution of social problems. This attitude is evidenced in the passage of Workmen's Compensation legislation, factory inspection laws, legislation dealing with sanitation and legislation applicable to the employment of women and children in industry," he said.

"Organized labor," continued Green, "has endeavored to create opportunities for self-development, for cultural and spiritual advancement and for advancement and for educational advantages for the great masses of the people. What policy or purpose could be more praiseworthy or commendable," he asked. "To what other force or power could the workers turn for protection and help if the organized labor movement were destroyed?" he added.

"In the interest of the working people of our country," concluded Green, "in the furtherance of the cause of humanity and in behalf of good government and a high social order the American Federation of Labor solicits the sympathetic support of the legal profession and all groups of people believing in the principles of justice, fairness and equality."

RAINES STORE TO BE MOVED

WILL BE FIRST DOOR NORTH OF FARMERS TRUST CO.

CLEANERS TAKE PLACE

New Jewelry Store to Have Many Unique Features.—Superior to Add Equipment.

H. L. Raines will move his jewelry store to the location one door north of the Farmers Trust Co., about April 1. Decorators are now working on the building, which, when completed, will be one of the most up-to-date jewelry locations in this part of the country. The store will be 128 by 22 feet and will contain several unique features.

The show windows are being raised to a level of 3 feet 6 inches. The bottom is to be of marble and the windows themselves will be 9 feet deep.

The store proper will be in several rooms, the main one of which will be 63 feet long. In this the regular jewelry stock and the Gift Shop merchandise will be displayed. Showcases will be on either side, with the Gift Shop in the rear of the room.

On the right entrance, the three watch repair benches will be stationed, and opposite to these will be a rest room.

Immediately behind the front room on the right will be a diamond room, appropriately decorated and lighted. This will be shut off from the rest of the store to give the utmost privacy. Behind this will be Mr. Raines' optical room, in which he will install the latest fixtures.

On the south side of the store, opposite the diamond room, will be the office, and behind this will be the Victrola room.

One large room, 26 by 22 feet will be devoted to clock and jewelry repair. A cement floor basement will run under the entire store.

New decorations and fixtures are being installed now. The ceiling of the store will be in white and the walls will be a bluish-green tint.

Hr. Raines, who has been in the jewelry business here for the last twenty years, has been in his present location at 214 North Main street for the last eight and one-half years. This place will be occupied after April 1 by the Superior Cleaning Co.

Workmen are now busy cutting the basement the entire length of the building. The company will install a rug cleaning department and a twelve-horsepower boiler in the basement. A new tumbler will also be added to the cleaning machinery.

The interior of the building will be changed somewhat to conform to the needs of the cleaning company, which is seeking larger quarters than its present location across the street.

Around Our Town

This is St. Patrick's Day. Maryville turned out in green to celebrate the occasion. Shamrocks galore were in evidence and the day was properly christened about 7:30 o'clock when Tom Parle arrived in the business district, resplendent in a bright green necktie.

Many students at the State Teachers College wore the mark of Ireland in various fashions. One girl's stockings particularly announced the fact that she was a daughter of Erin, and many neckties and handkerchiefs denoted a certain nationality of preference.

The day will end with a St. Patrick's dance at the Elks Club at 9 o'clock tonight.

Spring is really here. Yesterday several boys were seen playing marbles on the courthouse lawn. They were told to stop, but the officer who did the telling had a smile on his face, for he, too, once looked for a favorable place to draw his circle and flip his taw at the line of commies.

Cooper Gooden, 86 years young, walked eleven miles this morning on his way to his farm near Ravenwood, fourteen miles from here.

Mr. Gooden said that on his way to Ravenwood all the cars were coming this way, but it made no difference, as he preferred to walk. He left his home here about 6 o'clock. After arriving at Ravenwood he got a ride to his farm. On the return trip this afternoon, he had walked only a short distance before he was picked up by a passing motorist and brought all the way to Maryville.

And the youngest octogenarian was at the office of the Democrat-Forum and Tribune this afternoon, ready to perform his customary duty, which consists of walking to the postoffice with the first papers off the press.

Fire Destroys Farm House.

A four-room house on the farm of Claude Skeed, one mile south of Clearmont, was destroyed by fire about midnight last night. The house was occupied by Mr. and Mrs. Adkins, who were away from home. Only the bedding was saved. The fire originated in a smoke house, spreading to the dwelling.

Maryville shoppers today included W. S. Linville and Mr. and Mrs. William Taylor, Skidmore; Mr. and Mrs. Jeff Linebaugh and Mr. and Mrs. Harley White, Clearmont; Felix Gallagher, Mrs. Inez Conn, W. S. Casteel, Everett Ruth and Mrs. Mark Heflin, Ravenwood; Mrs. O. E. Jones and S. E. Browne, Hopkins; Lee Birkenholz and Shorty Rickard, Pickering; Charles Roach, Bedison; Fritz Lager, Conception; Mr. and Mrs. John Garrard, Gaynor; and Mr. and Mrs. Hubert Null and daughter, Cleta, of Harmony.

Among Maryville visitors yesterday were Miss Lois Dayhoff, Don Peck and George Peck, Westboro; H. E. Miller, jr., Hal Hendrick and O. E. Smith, Tarkio; Harley Nigh, Parnell; and H. A. Dalby, Hopkins.

Miss Margaret Donahue of the Southwestern Bell Telephone Co. spent yesterday in St. Joseph on business.

Mrs. Orland Krugh and son of Parnell were in Maryville today.

Measles in U. S. on Increase, Report Shows

Hundred Cities Report More Than Eleven Thousand New Cases In One Week, Says Health Officer.

Washington, March 17.—Measles in the United States are increasing with 33 states reporting 16,581 new cases developed during the week of February 20, according to Dr. Hugh S. Cummings, surgeon general of the U. S. Public Health Service.

One hundred cities reported 11,566 new cases of measles during the week, Cummings said, an increase of nearly 9,500 cases over the same week of last year. The states for the same week last year reported only 3,496 cases.

Other communicable diseases, including diptheria, infantile paralysis, scarlet fever, small pox and typhoid fever were reported declining in number.

Influenza killed 1,766 persons during the week of February 20 this year as compared with 1,323 during the same week in 1925.

Mr. and Mrs. A. D. Reardon and son, David, and John Davis of Barnard spent today in Maryville.

Bearcats To Meet Schooleys In National Tourney Game Tonight Playing Is Now In Second Round

The State Teachers College Bearcats will play the Schooleys of Kansas City at 10 o'clock tonight in the second round of the National A. A. U. Basket ball Tourney in Convention Hall, Kansas City.

The tournament is now in its second round, and after the games tonight, but eight teams will remain in the fray. The card tonight is particularly entrancing, since it brings together some of the most touted teams in the country.

At 7 o'clock the St. Joseph Hillyards will meet the Monon Athletic Club of Lafayette, Ind. An hour later, the Kansas City Athletic Club five will be pitted against that of the Utah Apex Athletic Club, Bingham, Utah. At 9 o'clock, Washburn College, national champion, will meet the Pittsburg Teachers, rated as one of the strongest teams in the national meet. And then, at 10 o'clock, Maryville and the Schooleys will furnish the nightcap of the second round.

Should the Bearcats defeat the Schooleys, they will be pitted against the Goodyear Rubber Co., team of Akron, O., or the North Dakota Aggies.

A representative of the Democrat-Forum will attend the game tonight and will telephone the report to this office as soon as it is over. If everything is run according to schedule, the game should end by 11 o'clock. If, however, the tournament continues as of the last two nights, the game will not end before midnight. At any rate the report will be sent for those who care to join the Bearcats in their game of "Night Owl."

The Monon Athletic club team of Indianapolis, defeated Baker University of Baldwin, Kan., 37 to 32 last night in the concluding play of the first round of the tournament.

The contest was a nip and tuck affair until near the end when the small and fast Indiana players gained a five-point lead and tenaciously held it. At the half, the Monons led, 20 to 19.

A fine passing game was exhibited by the Hoosiers, while Cleland and Fulton, of Baker, excelled on long shots.

A brilliant offense in the last half gave the Pittsburg Teachers College basketball team a victory over Fairmount college of Wichita. The score was 37 to 34.

At the end of the first four minutes of play the two teams were tied at four points each. Gradually pulling away, Fairmount led, 23 to 15, at the half time mark.

Led by Shaw, Pittsburg Teachers' forward, the Kansas conference champions crept up until the score was 27 each with eight minutes left to play.

A free throw and a field goal in rapid succession put the Pittsburg Teachers in the lead for the first time during the game. After that, they were never headed.

With a minute left to play, the Pittsburg Teachers were leading, 35 to 33. Fairmount players had six shots at the basket but none of them were good and the game ended with the losers making a free throw and the winners annexing an extra field goal.

The Ke-Nash-A club of Kenosha, Wis., defeated the Pacific coast club of Long Beach, Calif., 35 to 31, in a close game, the score seesawing back and forth throughout. At the half Kenosha led, 20 to 12. With but two minutes of the game left, the Wisconsin five led by a lone point, 32 to 31, but speeded up and added three points.

The South Side Turners of Indianapolis defeated the Nebraska Teachers college of Peru, 36 to 13, in the last game of the first round. The Indianapolis team led, 19 to 2, at the end of the first and then substituted freely, perferring to save their men for tournament games to come.

Closing Grain Review.

Chicago, March 17.—Grain prices closed irregular on the Chicago Board of Trade today.

Wheat closed fractionally lower in both May deliveries but fractionally higher in July and September. The undertone of the pit was unsteady. The market was featured by sharp price fluctuations. After the opening recessions, temporary firmness set in in lieu of the report of higher foreign markets. May wheat was unusually weak throughout the session. There was practically no export business, seaboard dispatches showed. Cash wheat was lower in Chicago and most of the other principal points.

Corn closed fractionally lower. The September delivery in this grain was fairly steady. The market otherwise was erratic.

Oats closed unchanged in the May but fractionally off in July and September. A short-lived spurt started in the session in this pit.

Provisions closed unchanged.

Outlook for Spring Pigs in County Good

J. D. Growney, Conception Junction, Sells Load at $13.25—Can't Do Spring Plowing Yet, He Says.

The outlook for spring pigs in Nodaway County is good, according to J. D. Growney of Conception Junction, in an interview in the Stockyards Daily Journal of St. Joseph.

Mr. Growney and his son sold a load of good Hampshires on Tuesday's St. Joseph market at the pleasing price of $13.25. They averaged around 187 pounds.

"Although there is plenty of seed corn in our county," Mr. Growney said, "the ground is not in condition to start spring plowing. The ground seems frozen, not deep but on the surface, and this changeable weather is making it hard on us."

Both Mr. Growney and his son are farmers and they raise all their own livestock, which they say makes them a larger profit than buying stock to feed out. Most of their hogs are fed corn, cottonseed cake or meal and tankage, and the results are highly satisfactory.

Will Resume Paving Operations April 1

Savannah-St. Joseph Road to Be Completed Within Short Time—Oregon Highway Work Planned.

The contractor in charge of the paving work between Savannah and St. Joseph will resume operations April 1, it has been reported to N. R. Sack, chief highway engineer for Northwest Missouri.

There is a gap of about four miles between Rochester road and the south end of the pavement, and when this is finished the pavement will be unbroken between St. Joseph and the Andrew County metropolis.

Further plans for No. 1 include the resumption of paving between Savannah and Oregon, April 1. A four-mile stretch north of Savannah probably will be placed under contract for paving within the next thirty days, Mr. Sack said, and when this is completed the continuous pavement will extend from St. Joseph to within four miles of Oregon, county seat of Holt County.

Over 1,000 cities laid concrete in 1925

Hannibal, Missouri, Now Paves with Concrete

Mark Twain's home town laid its first concrete street pavement in 1912.

It has continued to pave with this permanent type year after year.

Hannibal now has 250,000 square yards of this firm, rigid, unyielding pavement with the pleasing light gray color.

Property owners are enthusiastic about concrete because of its low maintenance cost, and as motorists they especially appreciate its non-skid qualities.

Concrete, the aristocrat of pavements, will dress up your streets too.
